

WATERBORNE SECURITY • BOAT PATROLS • SHIPYARD SECURITY

DO YOU NEED WATERBORNE SECURITY?

Then stop searching! Trust your facility with **Security Services Northwest** – the company who has a proven record of providing professional maritime security since 1990.

Security Services Northwest, Inc. offers maritime security as part of our formidable security capabilities. We have been providing waterborne security since 1990 to private businesses and government organizations.

We use SafeBoat as our primary platform. It can reach speeds of more than 40 mph and is equipped with PA sound equipment and warning lights to ward off unauthorized watercraft from the area.

WESTPORT

“Your security team was exceptional during our inbound/outbound transit and our port visit. Your team provided diligent and professional assistance during our entire stay. Your efforts resulted in a safe and enjoyable time had by all crewmembers.”

*- J. PINCKNEY,
Commanding Officer, USS Halsey*
